

ALL-IN-ONE ORDER & PAY AT THE TABLE

TABLE TO KITCHEN SERVICE

EFFICIENT COMMUNICATION

ACCURACY

Send orders straight from the table to the kitchen with ticket commands and item modifiers. Pay at the Table also gives you the ability to select a table number when creating an order to manage seating.

SPEED

Our powerful technology responds quickly and keeps operations moving. Your POS software can't hold up the line or delay work in the kitchen. Easily create and pay tickets at the table, all from one device.

FLEXIBILITY

Easily edit tickets on the fly, either from the PAX A60 or from a Paradise station. Paradise POS offers your employees the flexibility to make ticket changes when they need to. Increase average ticket size with conversational ordering and suggestive selling prompts.
