

Powerful, Secure, and Complete Point of Sale Solutions

Ambit Technologies offers innovative, affordable, and scalable POS and payment solutions designed for restaurants, liquor stores, and smoke shops. Our feature-rich systems proficiently integrate with existing POS setups, ensuring secure, PCI-compliant payment processing. With same-day service, white-glove implementation, and low- to no-cost hardware, we are the trusted technology partner for businesses. From installation and training to integration and consulting, we support both small businesses and large enterprises.

Why Choose Ambit Technologies?

Local Service

We offer same-day local service across Florida, Georgia, Alabama, and Mississippi, delivering fast response times and support from experts in your area.

White-Glove Implementation

Our white-glove approach allows us to provide personalized configurations to ensure your POS setup matches the unique requirements of your business.

Complete Solution Provider

We provide end-to-end solutions, including hardware, software, programming, on-site installation, training, and 24/7 year-round support.

Your Trusted Local Partner for POS and Payment Processing

Ambit Technologies has supported thousands of businesses across Florida, Georgia, Alabama, and Mississippi with modern, cost-effective, customizable POS solutions. With over 100 years of combined experience in hospitality and retail, our expert team delivers tailored systems that enhance efficiency and drive business growth.

Industries We Serve

Our restaurant and retail POS solutions optimize operations by managing labor costs, inventory, and performance while delivering valuable data to personalize customer experiences and drive growth.

Bar & Nightclub

Transform customer service and improve profitability with mobile POS, customizable pricing, and real-time inventory tracking.

Table Service

Streamline restaurant operations, enhance order accuracy, and increase profits through advanced table management, mobile ordering, and integrated payment features.

Liquor Stores

Improve business performance with customized promotions, detailed analytics, and multi-channel sales integration for better inventory control and customer engagement.

Fast Casual

Speed up service, minimize mistakes, and elevate customer satisfaction with mobile ordering, inventory management, and seamless online integration.

Smoke Shops

Optimize operations and ensure compliance with age verification, inventory tracking, and e-commerce integration, all while boosting customer service and revenue.

Personalized Service, Local Support

Our on-site and remote POS services protect your investments, providing reliable support that ensures your business runs without disruptions.
