

WAVEPOINT

WHERE LOGISTICS EXPERTISE MEETS INNOVATION

Our regional reach powers the ability to **adapt, deliver, and support growth** across industries.

BUILDING STRONGER SUPPLY CHAINS TOGETHER

Established in 1978, we have grown from regional trucking operations into a comprehensive logistics provider serving industries nationwide. Our services cover warehousing, distribution, and transportation, all supported by a team with deep expertise and decades of experience. As we've continued to grow, our capabilities have expanded in response to shifting market demands, ensuring that our customers benefit from solutions that are practical, reliable, and efficient. Our entrepreneurial background drives continuous improvement, while our history demonstrates a consistent record of strong execution. Today, we remain focused on delivering logistics strategies that support customer growth and long-term business stability.

INNOVATIVE SOLUTIONS

CUSTOMER-FIRST APPROACH

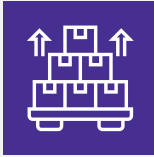

PERFORMANCE & EXECUTION

A FULLY INTEGRATED WAREHOUSING & TRANSPORTATION NETWORK

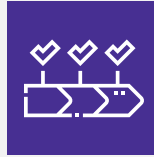

With 20 facilities and over 2 million square feet of food-grade warehousing in the Northeast region, including many that are **SQF-certified and alcohol-bonded**, we provide storage solutions ranging from 30,000 to 315,000 sq. ft. Strategically located, our network ensures proximity, scalability, and seamless integration with complete logistics services. By managing inbound and outbound with our own truck fleet, we deliver a unified pipeline from warehousing to transportation and distribution.

END-TO-END SOLUTIONS FOR EVERY SUPPLY CHAIN NEED

INNOVATIVE SOLUTIONS

Turn bulk shipments into profitable opportunities.

VALUE-ADDED SERVICES

Streamlined packing, picking, and cross-docking.

SUPPLY CHAIN OPTIMIZATION

Drive growth through smarter supply strategies.

WAREHOUSING

- **Cold Storage**
Built on safety, compliance, and technology-enabled cold chain control.
- **Food Safety**
End-to-end visibility ensuring accuracy, oversight, and rapid response.
- **Food-Grade Warehousing**
Backed by pest-free facilities, strict sanitation, and white-glove standards.
- **Logistics Management**
Guided by tailored logistics for efficiency, accountability, and success.
- **Transloading**
Precise transfers, bulk efficiency, smart tracking, and quality assurance.
- **Warehousing**
Supported by high-volume expertise, on-site management, and 20 facilities.
- **WMS | EDI**
Powered by web-based WMS, integrated EDI, and 24/7 order visibility.
- **Rail Siding**
Fueled by warehouse-to-rail access, bulk efficiency, and flexible distribution.

THE WAVEPOINT ADVANTAGE

Guided by integrity and accountability, we honor every commitment while driving innovation and improvement. By staying flexible and transparent, we deliver reliable logistics solutions that support customers nationwide and consistently achieve satisfaction without compromise.

FLEET

- **Full Truckload (FTL)**
Secured through full truckload transport maintaining efficiency, reliability, and control.
- **Transportation Services**
Strengthened by expertise delivering flexibility, savings, and regional reach.
- **Repair Services**
Accessible on-site semi-truck repairs, delivering reliable service for independent and fleet drivers.

MANAGED TRANSPORTATION

- **Carrier Management**
Enabled through expertise reducing costs, optimizing performance, and improving reliability.
- **LTL | FTL**
Elevated by solutions upholding efficiency, speed, and consistent performance.
- **TMS**
TMS intelligence to maximize loads with tracking and traceability, minimize costs, and improve service.
